

# SOFTWARE TO ENHANCE THE POWER OF YOUR CASIO® POS EQUIPMENT

## Powerful, innovative back-office software with...

- An intuitive interface for easy use
- Flexible historical sales reporting and analysis
- The ability to consolidate multiple locations
- Simple to use inventory / stock control

 **TILLMANAGER™**

POWERFUL, INNOVATIVE BACK OFFICE SOFTWARE FROM ASTUTE®

# ASTUTE® TiLLMANAGER™

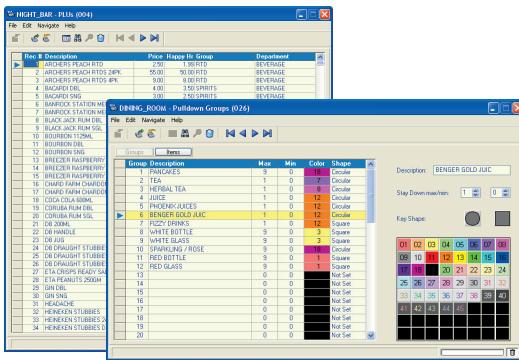

*Simply Powerful Sales Reporting*

## Why TiLLMANAGER?

The TiLLMANAGER package allows you to connect multiple Casio cash registers, both local and remote, to a single computer.

TiLLMANAGER makes it easy to configure and update the cash registers and store, and report on sales data.

TiLLMANAGER helps businesses of all sizes convert their PC and cash registers into a POS system.

## It's easy to use

- TiLLMANAGER has a simple and easy-to-use style for quick cash register programming.
- It provides a graphical representation of the register key map and touch screen on the computer.
- It has time-saving tools for searching products, finding barcodes, and dragging and dropping items into place.
- You can drill down quickly from one file to another.

## It's very flexible

TiLLMANAGER can communicate with the following Casio cash registers:

- QT-2100, QT-6000, QT-6100, QT-6600,
- TE-7000S, TE-8000F, TE-8500F,
- TE-3000S, TE-4000F, TE-4500F, TK-7000,
- TE-2200, TE-2400, TE-3200, TK-T200,
- SE-C6000, SE-S6000

## What our customers say about TiLLMANAGER™

"TiLLMANAGER is a very well balanced system - easy to learn, user friendly and stable. There are developments every year which have made continual improvements." - Marty Hughes, Otago Business Equipment Ltd, New Zealand

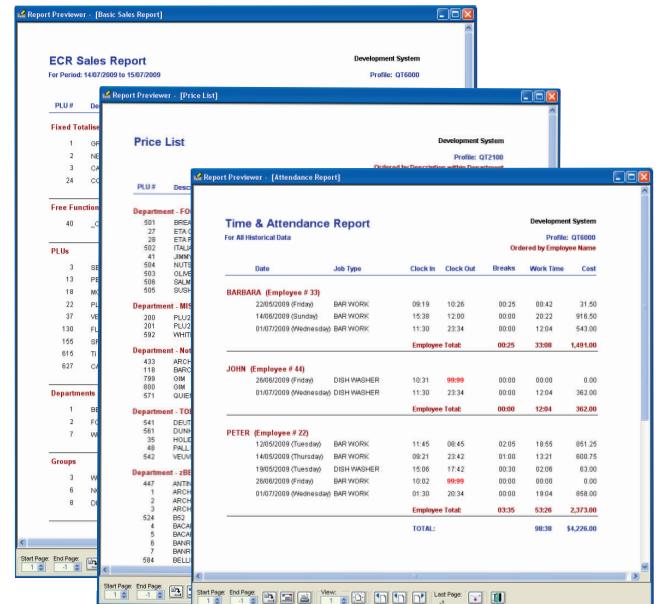

"As a reseller of the CASIO Cash register range for over 20 years I have had many experiences with software integration for the Cash Registers. When we learned of the Astute TiLLMANAGER I thought here we go again - another software package ... How wrong I was!" - Adrian Dickinson, Office World Pty Ltd, Australia

"TiLLMANAGER is very user friendly and intuitive compared to the other choices offered here in the United States. Support is friendly and readily available, something most ECR software is missing. It sells itself." - David L. Williams, Fort Worth Cash Register Inc, USA

"I have spent some time on your software and so far I'm very impressed with it." - Robbie Frade, James Ralph (PTY) Ltd, South Africa

## It has advanced features

- Historical reports by date range and various groupings
- Fully integrated and easy to use inventory/stock control
- Analysis reporting - best & worst, seven-day, not sold, and so on
- Exporting of sales data to popular accounting packages
- Exporting of scanning PLUs for printing with MS Word and label printing packages.
- Key map export for printing register keyboard overlay sheets
- Time and attendance management, costing and reporting
- Date range-based pricing for in-store specials
- Full Add Mode (monetary decimal places) support
- Dynamic IP address access to network supported cash registers (QT6 and SE6) over the internet
- Multi location consolidation and configuration for programming and reporting
- Scripted and scheduled running for cash register updates and sales data collection at any time
- Automatic emailing of reports as part of the script process
- Integrated back-up facility
