

Connect Dual Tablet Stand Kit

A tall countertop stand, designed with ergonomics in mind; elevating the point-of-sale experience to a comfortable level. The Dual Tablet Stand facilitates a friendly customer facing display system, enabling sign-on-screen, customer input, static menus, or on-screen advertising.

FEATURES

Mount your devices to the stand with a simple twist + click.

Display your devices in either portrait or landscape orientation with ease.

The stand is 350mm tall, elevated to a comfortable viewing height for all users.

Keeping your devices locked securely in place, and keeping you stress-free.

Keep your charging cables concealed neatly within the neck of the stand.

250° of angle adjustment, designed to position your device at the perfect angle.
